Price 10c

TONIGHT'S GAME PROSPECTUS

This is the game where Boise College lays its impressive undefeated record which has taken three seasons to build, on the block and let's the Weber "Wildcats" take a swing at it.

Boise has racked up a total of 824 points in thirty-two games and has held opponents to a mere 215 total points. Boise wound up last season in the Shriner's "Potato Bowl Game" at Bakersfield, California, where they soundly whipped Taft Junior College of California, 25-7.

The Boise "Broncos," under the mentorship of Head Coach Lysle Smith, started off the '50 season with a bang when the "Bronc's" roared over Modesto College from Modesto, California, with a score of 33-13.

The Weber "Wildcats" have demonstrated that they are no slouches either. In two games this year the Weber machine bounced over Carbon College with a 28-7 score and outlasted four-year Rick's College for a 7-6 tussle.

WEBER COACH

Since assuming the reins at Weber College as head football coach in 1946 Milt Mecham has had a man's size job. Weber has entered actively into participation among the football "greats" in junior college competition and it has been Milt's job to produce a ball club that can give these J. C. athletic giants sixty minutes of football. This he has done.

Weber has done battle during the past four years, to name a few, with Compton, Los Angeles, Pasadena, Fullerton, and Glendale. Much to Mecham's credit, his ball clubs have not only given their oversized Coast opponents plenty of football but they have also won their share of games, to the delight of Ogden football fans.

Weber football clubs, coached by Mecham, have gained a reputation for being hard ones to upset, game, scrappy, and plenty colorful. Mecham would like nothing better than to toll the Death Knell for Lysle Smith's "Broncos" thirty-two game winning streak.

Tonight's game will see two great ball clubs and two great side-line generals matching wits and power.

BOISE COACHES . . .

Boise Junior College has been coached to its very excellent record by the generalship of affable and friendly Lysle Smith. Smith has been assisted in his coaching job by George Blankley.

Smith assumed the job of piloting the Boise "Broncos" after serving a hitch with the United States navy during the last war. He also serves at Boise as director of athletics. Smith has produced a gridiron squad that has placed Boise among the best in junior college athletics for the last three years. Only a defeat can now mar his record of thirty-two undefeated football games. Lysle is gunning for game number thirty-three tonight against Weber and he believes that he has the material to do the job.

Lysle is in the naval reserves and has been alerted for duty during the Korean crisis. Indications are that he will be able to at least finish out the football season before being called to active duty.

JACK ANDREWS, No. 33
Weber College Quarterback

Weber College football team salutes its teammate, Jack Andrews. Andrews, a member of the United States marine corps reserve, has been ordered to report for active duty on October 2, 1950. Tonight's game with Boise may be the last one this season for Jack with the "Wildcats." He has done a great job in the Weber backfield as first-string quarterback but must take leave of us to play on his Uncle Sam's team for a stretch. The Weber College football team and athletic department joins in wishing Jack Good Luck and Best Wishes. The team and school will miss you.

REED K. SWENSON
Weber Athletic Director . . . National
President National Junior College
Athletic Association

Perhaps more than any other person, Reed Swenson is responsible for putting Weber College in the fore ranks of National Junior College athletics.

Since assuming the athletic directorship at Weber in 1933, Reed has gained national prominence for Weber athletic teams and for himself. He is currently serving his second term as national prexy of the N. J. C. A. A., an association of more than 200 junior colleges throughout the nation.

Swenson also serves at Weber as head basketball coach and last year his team captured the conference title, the Four-State Regional title, and went on to the National J. C. tournament in Hutchinson, Kansas, where they placed sixth nationally in competition with sixteen teams from that many regions.
